- ♦ **Protect your child's quality of life above his or her core needs.**
- ♦ **Avoid 6 costly mistakes when planning for a loved one with special needs.**
- ♦ **Prevent losing a lifetime of preparing for a loved one when parents die.**
- ♦ **Preserve benefits eligibility and leave clear and binding instructions to care for your disabled child.**
- ♦ **Learn about achieving a better life experience through the ABLÉ Act.**

Mr. Bradley Bolinger, Attorney & CPA, will explain the advantages and potential pitfalls you may experience when trying to implement a Special Needs Trust, and how this legal relationship works.
