_____ Engineer-Sealed Design for the Repair

Time limitations of applications. An application for a foundation repair permit shall be deemed to have been abandoned 45 days after the date of filing, unless such application has been pursued in good faith or a permit has been issued; except that the building official is authorized to grant one or more extensions of time for additional periods not exceeding 45 days each. The extension shall be requested in writing and justifiable cause demonstrated. In addition, every permit issued shall become invalid unless the work on the site authorized by such permit is commenced within 45 days after its issuance.

Expiration of Permit. Every foundation repair permit issued by the building official under the provisions of this code shall expire by limitation and becomes null and void if the building or work authorized by such permit has not received final inspection approval within 60 days of the issuance of the permit. In the event of the expiration of the permit, no work or inspections shall be performed until a new permit shall be first obtained to do so, and the fee therefor shall be equal to the original fee.

Any permittee holding an unexpired permit may apply for an extension of the time within which work may commence under that permit when the permittee is unable to commence work within the time required by this section for good and satisfactory reasons. The building official may extend the time for action by the permittee for a period not exceeding 30 days on written request by the permittee showing that circumstances beyond the control of the permittee have prevented action from being taken. No permit shall be extended more than once..

I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel any Federal, State, or local law regulating construction or the performance of construction. As the contractor or authorized agent for the contractor, I understand that it is my responsibility to adhere to the above timeframes.
