The electrical permit must be obtained prior to approval of this plumbing permit.</small></p> <p><small>**Detailed gas diagram required. Diagram must include BTU's of all appliances on the system.</small></p> <p><b>*** All required plumbing drawings must be to 1/4 or 1/8 scale. ***</b></p>	<ul style="list-style-type: none"> <li>▪ An inspection may be requested up to 3:30pm by calling 972-874-6355. Someone must be on-site for this inspection. An inspector will be sent out within one (1) hour.</li>   <li>▪ Results must be obtained by calling the automated inspection request line (972-874-6123). The two-digit inspection code will be located on the back of the permit. You will need to have your contractor access code from your annual registration. The contractor access code will <b>not</b> be printed on the permit.</li>   <li>▪ <b>Water heater replacement permits must receive a final inspection within 72 hours of installation.</b></li> </ul>

**Note:** Please review the above submittal requirements, and make sure each line is checked or labeled as not applicable.

Please see back of form to complete application.

Value of job \$ \_\_\_\_\_

*Building permit valuation shall include total value of the work for which a permit is being issued, such as electrical, gas, mechanical, plumbing equipment, and other permanent systems, including materials and labor.*

**I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel any Federal, State, or local law regulating construction or the performance of construction. As the contractor or authorized agent for the contractor, I understand that it is my responsibility to adhere to the above timeframes.**
