

Actors, Models & Talent for Christ signs Parker Square Lease

Lewisville/Flower Mound Business Journal

December 2010, Issue 155

Annandale Real Estate announced today that Actors, Models & Talent for Christ (AMTC) has signed a lease to occupy 6,000 square feet at Parker Square in Flower Mound. AMTC (www.amtcworld.com) began over 28 years ago as the dream of New York Cover Girl, Millie Lewis, and her daughter, Carey Lewis Arban. Millie and Carey created AMTC to give new talent a positive, safe, and effective entry into national careers, building knowledge and self-esteem in the process. The organization's mission is to educate and promote actors, models, singers, and dancers to become stars of film, fashion, and theatre.

AMTC is headquartered in Tyrone, GA, just south of Atlanta. The new Parker Square location is the first such venture for the company in Texas. Local real estate broker, Curtis Shore, was the Tenant Representative for AMTC and commented that, "This location best fits my client's criteria for their market presence and expansion."

A nod to its unique Town Square concept, Parker Square has been voted the "Best Place to Meet People in Denton County for 2010". Located at 1500 Cross Timbers, this beautiful Town center's diverse tenant mix and prime location has been generating regional traffic since its opening in 1998.

"Annandale is excited to be working with the property management company, P. O'B. Montgomery & Company, on leasing for Parker Square," said Annandale President Jay Annand. "We have a strong leasing team whose mission it is not only to maximize the value of this property, but also to create a diverse tenant mix that enhances the neighboring community."

Annandale Real Estate is a privately owned commercial real estate and advisory company based in Dallas, Texas. It strives to offer its clients large corporation experience from senior level professionals in a boutique setting.

For leasing information, contact Hugh Wall at 972-899-3061 or visit the Annandale website at www.annandaleco.com.
