Copies of the Town of Flower Mound’s Comprehensive Annual Financial Report (CAFR) for the fiscal year ended September 30, 2019, were distributed prior to this meeting, and copies of the reports were placed in the Library for review by the public. DRAFT MOTION: Move to approve as presented in the agenda caption.
DATE: March 2, 2020
FROM: Chuck Jennings, Director of Parks and Recreation
ITEM: Consider approval to award Best Value Bid No 2020-2-A for Landscape Maintenance Program-Forest Vista/Lake Forest to Brightview Landscape Services, Inc. at the unit prices bid, in the estimated annual amount of $21,134.40; and authorize the Mayor to execute same on behalf of the Town.

BACKGROUND INFORMATION: The Parks Services Division oversees the landscape maintenance in the medians and right-of-way within certain areas of the Forest Vista/Lake Forest subdivisions. In 2018, the subdivisions’ voluntary HOA contacted the Town to request additional and improved services for the maintenance of these areas. This portion of the existing contract was removed, as agreed to by the previous vendor, and a new landscape maintenance vendor was selected in 2019. The new vendor was unable to perform the required services and the Town terminated their contract early for non-performance. The Town’s Purchasing Office issued Solicitation No 2020-2-A and an optional pre-bid meeting was held with a site tour. A total of five responsive bids were received by the Purchasing Office.

An evaluation committee consisting of representatives from the Parks and Recreation Services Department evaluated the bids based on cost, equipment, safety program, work history/references and considered the approved budget. The evaluation committee decided to award the annual contract to Brightview Landscape Services, Inc. as the Best Value Bidder. The agreement is for (1) one year with (4) four optional one-year renewal terms.

BOARD REVIEW/CITIZEN FEEDBACK: N/A

ALTERNATIVES/OPTIONS: If the agenda item is not approved by the Town Council, staff would then need to service these areas to make sure the medians and right-of-way were maintained to the required standard.

ITEM: Consider approval of a Professional Services Agreement with Alliance Geotechnical Group to provide construction materials engineering and testing for the Garden Ridge Through Lane and Peters Colony Roundabout projects, in the amount of $29,211.00; and authorization for the Mayor to execute same on behalf of the Town.

BACKGROUND INFORMATION: The Professional Service Agreement includes construction materials engineering and testing for the Garden Ridge Boulevard Through Lane at FM3040 & Peters Colony Road Roundabout projects.

On February 20, 2020, bids were received and opened for the Garden Ridge Boulevard Through Lane at FM3040 & Peters Colony Road Roundabout projects (Bid #2020-29-B). Reliable Paving Inc. submitted the lowest qualified bid of the four (4) responding bidders at a base bid of $1,205,174.30. The construction award is also scheduled to be reviewed and approved on March 2, 2020 by Town Council.

BOARD REVIEW/CITIZEN FEEDBACK: N/A

ALTERNATIVES/OPTIONS: A decision not to approve the Professional Services Agreement for construction materials engineering and testing would remove the ability of Town staff to verify materials are installed to the required standards and specifications in the contract documents. This verification is necessary to ensure a quality project.

WHEREAS, TOWN desires to obtain professional services from CONSULTANT
relative to construction materials engineering and testing and other services for the

and

WHEREAS, CONSULTANT is a construction materials engineering and testing
firm qualified to provide such services and is willing to undertake the performance of
such services for TOWN in exchange for fees hereinafter specified;

TERMS OF AGREEMENT

NOW, THEREFORE, in consideration of the covenants and agreements hereinafter
contained and subject to the terms and conditions hereinafter stated, the parties hereto do
mutually agree as follows:

I. Employment of Consultant

CONSULTANT will perform as an independent contractor all services under this
Contract to the prevailing professional standards consistent with the level of care and
skill ordinarily exercised by members of the architectural, engineering and planning
professions, both public and private, currently practicing in the same locality under
similar conditions including but not limited to the exercise of reasonable, informed
judgments and prompt, timely action. If CONSULTANT is representing that it has
special expertise in one or more areas to be utilized in this Contract, then CONSULTANT
agrees to perform those special expertise services to the appropriate local, regional and
national professional standards.

II. Scope of Services

CONSULTANT shall perform such services as are necessary to provide the Garden
Ridge Boulevard Through Lane at FM3040 & Peters Colony Road Roundabout
Construction Materials Engineering and Testing specifically including, but not necessarily limited to, the tasks enumerated more fully in Attachment “A” hereto entitled “Scope of Work” (hereafter referred to as the “Project”). Attachment “A” is hereby incorporated herein by reference and made a part hereof as if written word for word. However, in case of conflict in the language of Attachment “A” and this Contract, the terms and conditions of this Contract shall be final and binding upon both parties hereto.

III.

Payment for Services

Total payment for services described herein shall be a sum not to exceed Twenty-Nine Thousand Two Hundred Eleven and No/100 Dollars ($29,211.00). This total payment for services includes CONSULTANT’s ordinary expenses. Additional expenses and charges, which are extraordinary in nature, must be approved in advance by TOWN in writing signed by the parties. Such extraordinary expenses may be paid as incurred and billed to the TOWN pursuant to this Contract over and above the total payment amount identified in this provision. Any extraordinary expenses or charges not approved in writing in advance by the TOWN shall remain the sole responsibility of the CONSULTANT.

CONSULTANT will bill TOWN on an hourly basis for certain services provided combined with a flat fee for specific tests performed in accordance with Attachment “B”; provided however that this Contract shall control in the event of any conflict between the language in Attachment “B” and the language in this Contract. If additional services, trips or expenses are requested, CONSULTANT will not provide such additional services until authorized by TOWN in writing to proceed. The scope of services shall be strictly limited. TOWN shall not be required to pay any amount in excess of the amount identified in the preceding paragraph unless TOWN shall have approved in writing in advance (prior to the performance of additional work) the payment of additional amounts.

Each month CONSULTANT will submit to TOWN an invoice for actual services performed and reimbursable expenses incurred by CONSULTANT during the previous month for which payment is sought. Each invoice shall be itemized to show the amount of work performed that month broken down by the identity of the person(s) performing such work, the amount of time expended by such person(s) in performing that work, the billing rate for each such person, and a brief summary of the work or testing performed by each such person. Each invoice shall also state the percentage of work completed on the Project, the total of the current invoice amount and a running total balance for the Project to date.

Assuming that TOWN agrees with the invoice, that TOWN has not determined any of the work to be unsatisfactory, or that TOWN otherwise does not dispute any of the amounts billed, within thirty (30) days of receipt of each such monthly invoice TOWN shall make monthly payments in the amount shown by CONSULTANT’s approved monthly statements and other documentation submitted.
Nothing contained in this Contract shall require TOWN to pay for any work that TOWN has determined has not been successfully completed or is unsatisfactory as determined by TOWN, or which is not otherwise submitted in compliance with the terms of this Contract, nor shall failure to withhold payment pursuant to the provisions of this section constitute a waiver of any right, at law or in equity, which TOWN may have if CONSULTANT is in default, including the right to bring legal action for damages or for specific performance of this Contract. Waiver of any default under this Contract shall not be deemed a waiver of any subsequent default.

IV. Revisions of the Scope of Services

TOWN reserves the right to revise or expand the scope of services after due approval by TOWN as TOWN may deem necessary, but in such event TOWN shall pay CONSULTANT equitable compensation for such services. In any event, when CONSULTANT is directed to revise or expand the scope of services under this Section of the Contract, CONSULTANT shall provide TOWN a written proposal for the entire costs involved in performing such additional services. Prior to CONSULTANT undertaking any revised or expanded services as directed by TOWN under this Contract, TOWN must authorize in writing the nature and scope of the services and accept the method and amount of compensation and the time involved in all phases of the Project.

It is expressly understood and agreed by CONSULTANT that any compensation not specified in Paragraph III herein above may require Flower Mound Town Council approval and is subject to the current budget year limitations.

V. Term

This Contract shall begin on the date first written above, and shall terminate when TOWN has approved the Project as being final or otherwise terminates this Contract as provided herein.

VI. Contract Termination Provision

Notwithstanding any other provision of this Contract, this Contract may be terminated at any time by TOWN for any reason, with or without cause, by providing CONSULTANT thirty (30) days written notice of such termination. Upon receipt of such notice, CONSULTANT shall immediately terminate working on, placing orders or entering into contracts for supplies, assistance, facilities or materials in connection with this Contract and shall proceed to promptly cancel all existing contracts insofar as they are related to this Contract.
VII.

Ownership of Documents

All materials and documents prepared or assembled by CONSULTANT under this Contract shall become the sole property of TOWN and shall be delivered to TOWN without restriction on future use. CONSULTANT shall have no liability for changes made to any materials or other documents by others subsequent to the completion of the Contract.

Any of the insurance policies required under this section may be written in combination with any of the others, where legally permitted, but none of the specified limits may be lowered thereby.

TOWN COUNCIL AGENDA ITEM NO. 5
REGULAR ITEM

DATE: March 2, 2020
FROM: Blake Hummel, P.E., Senior Project Engineer
ITEM: Consider approval of a Construction Agreement with Reliable Paving Inc., for the Garden Ridge Through Lane and Peters Colony Roundabout projects, in the amount of $1,205,174.30; and authorization for the Mayor to execute same on behalf of the Town.

BACKGROUND INFORMATION: On February 20, 2020, bids were received and opened (Bid # 2020-29-B) for the Garden Ridge Boulevard Through Lane at FM3040 & Peters Colony Road Roundabout project. Reliable Paving Inc., submitted the lowest qualified bid of the four (4) responding bidders at a base bid of $1,205,174.30. The two projects have been bid together to provide a larger project more favorable to lower bids than if they were bid as two separate projects.

Garden Ridge Boulevard Through Lane at FM3040 consists of the reconfiguration of southbound Garden Ridge Boulevard at FM3040 to accommodate a dedicated right turn lane, two thru lanes and a left turn lane. Pedestrian and landscape improvements in the vicinity of the work areas are also proposed with the project.

Peters Colony Road Roundabout consists of the installation of a roundabout at the Quail Run Road, Auburn Drive, and Peters Colony Road intersections. Drainage improvements and a water main relocation, along with pedestrian and landscape improvements in the vicinity of the work area will also proposed with the project.

BOARD REVIEW/CITIZEN FEEDBACK: The Town held a Neighborhood Meeting on October 30, 2019, to present the proposed construction documents, inform surrounding residents of what to expect during construction and outline the anticipated construction scheduling. Residents that came were in favor of the project and had a few questions regarding pedestrian improvements and the possibility of extending the Town’s Multi-Use trail along the north side of Quail Run Road to Bruton Orand Boulevard. The extension of the Multi-Use trail was not included in the scope of this intersection improvement project but could be eligible to be placed on a future sidewalk links project.

ALTERNATIVES/OPTIONS: A decision to not approve the Construction Agreement would leave the Garden Ridge Boulevard and FM3040 intersection & Quail Run Road, Auburn Drive and Peters Colony Road intersection in the current configurations. Currently the lack of a second thru lane for southbound Garden Ridge Boulevard creates significant morning traffic congestion and this project will help alleviate some of that congestion. The current layout of the Quail Run Road, Auburn Drive and Peters Colony Road intersection creates dangerous turning movements for traffic due to insufficient stopping sight distance.

P. The Town's written notice to proceed to Contractor;
Q. The Contractor’s Bid Proposal;
R. The Performance Bond, Payment Bond and Maintenance Bond; and
S. Bid materials distributed by the Town that relate to the Project.

These Contract Documents are incorporated by reference into this Agreement as if set out in their entirety. The Contract Documents are intended to be complementary; what is called for by one document shall be as binding as if called for by all Contract Documents. It is specifically provided; however, that in the event of any inconsistency in the Contract Documents, the inconsistency shall be resolved by giving precedence to the Contract Documents in the order in which they are listed herein above. If, however, there exists a conflict or inconsistency between the Technical Specifications and the Construction Drawings, it shall be the Contractor’s obligation to seek clarification as to which requirements or provisions control before undertaking any work on that component of the project. Should the Contractor fail or refuse to seek a clarification of such conflicting or inconsistent requirements or provisions prior to any work on that component of the project,
the Contractor shall be solely responsible for the costs and expenses - including additional
time - necessary to cure, repair, and/or correct that component of the project.

ARTICLE 2. For performance of the Work in accordance with the Contract Documents, the Town shall pay the Contractor in current funds an amount not to exceed One Million Two Hundred Five Thousand One Hundred Seventy-Four Dollars and Thirty cents ($ 1,205,174.30) taking into consideration additions to or deductions from the Total Bid through properly executed change orders by reason of alterations or modifications of the original quantities or by reason of “Extra Work” authorized under this Agreement in accordance with the provisions of the Contract Documents. It is hereby mutually agreed that for and in consideration of the payments as provided for herein to the Contractor by the Town, the said Contractor shall furnish all labor, equipment, and material (except as otherwise specified above) and shall perform all work necessary to complete the improvements in a good and workmanlike manner, ready for use, within the specified time for substantial completion of Garden Ridge Boulevard Through Lanes at FM 3040 (120) calendar days, within the specified time for substantial completion of Peters Colony Road Roundabout (90) calendar days and final completion of Garden Ridge Boulevard Through Lane at FM 3040 (150) calendar days and final completion of Peters Colony Road Roundabout (110) calendar days ready for final payment, as measured from the Effective Start Date shown in the Notice to Proceed. The work shall be in strict accordance with this Agreement, a copy of which is filed pursuant to law in the office of the legal representative of the Town.

ARTICLE 3. Before commencing work, the Contractor shall, at its own expense, procure, pay for, and maintain the insurance coverage required by the Contract Documents written by companies approved by the State of Texas and acceptable to the Town of Flower Mound. Contractor shall provide the Town Purchasing Manager with certificates of insurance indicating coverage’s required by the Contract Documents. The certificates are to be signed by a person authorized by that insurer to bind coverage on its behalf. Certificate of Insurance similar to the ACORD Form are acceptable. Town will not accept Memorandums of Insurance or Binders as proof of insurance. The Town reserves the right to require complete, certified copies of all required insurance policies at any time.

ARTICLE 4. The Contractor shall procure and pay for performance and payment bonds applicable to the work in the amount of the total bid price. The Contractor shall also procure and pay for a maintenance bond applicable to the work in the amount of one hundred percent (100%) of the total bid price. The period of the Maintenance Bond shall be two years from the date of acceptance of all work done under the contract, to cover the guarantee as set forth in the Special Conditions. The performance, payment, and maintenance bonds shall be issued on the forms attached to this Construction Agreement. Other performance, payment, and maintenance bond forms shall not be accepted. Among other things, these bonds shall apply to any work performed during the two-year warranty period after acceptance as described in this Construction Agreement.

The performance, payment, and maintenance bonds shall be issued by a corporate surety, acceptable to and approved by the Town, authorized to do business in the State of Texas,
pursuant to Chapter 2253 of the Texas Government Code. Further, the Contractor shall supply capital and surplus information concerning the surety and reinsurance information concerning the performance, payment, and maintenance bonds upon Town request. In addition to the foregoing requirements if the amount of the bond exceeds One Hundred Thousand and Zero/One Hundredths Dollars ($100,000.00) the bond must be issued by a surety that is qualified as a surety on obligations permitted or required under federal law as indicated by publication of the surety’s name in the current U.S. Treasury Department Circular 570. In the alternative, an otherwise acceptable surety company (not qualified on federal obligations) that is authorized and admitted to write surety bonds in Texas must obtain reinsurance on any amounts in excess of One Hundred Thousand and Zero/One Hundredths Dollars ($100,000.00) from a reinsurer that is authorized and admitted as a reinsurer in Texas who also qualifies as a surety or reinsurer on federal obligations as indicated by publication of the surety’s or reinsurer’s name in the current U.S. Treasury Department Circular 570.

ARTICLE 5. It is hereby further agreed that in consideration of the faithful performance of the work by the Contractor, the Town shall pay the Contractor the compensation due him by reason of said faithful performance of the work in accordance with the provisions of this Agreement. As it completes portions of the Work, the Contractor may request progress payments from the Town. Progress payments shall be made by the Town based on the Town's estimate of the value of the Work properly completed by the Contractor since the time the last progress payment was made. The "estimate of the value of the work properly completed" shall include the net invoice value of acceptable, non-perishable materials actually delivered to and currently at the job site only if the Contractor provides to the Town satisfactory evidence that material suppliers have been paid for these materials.

No progress payment shall be due to the Contractor until the Contractor furnishes to the Town:

1. copies of documents reasonably necessary to aid the Town in preparing an estimate of the value of Work properly completed;

2. full releases of liens, including releases from subcontractors providing materials or delivery services relating to the Work, in a form acceptable to the Town releasing all liens or claims relating to goods and services provided up to the date of the most recent previous progress payment;

3. an updated and current schedule clearly detailing the project’s critical path elements; and

4. any other documents required under the Contract Documents.

Progress payments shall not be made more frequently than once every thirty (30) calendar days unless the Town determines that more frequent payments are appropriate. Further, progress payments are to be based on estimates and these estimates are subject to correction through the adjustment of subsequent progress payments and the final payment to
Contractor. If the Town determines after final payment that it has overpaid the Contractor, then Contractor agrees to pay to the Town the overpayment amount specified by the Town within thirty (30) calendar days after it receives written demand from the Town.

The fact that the Town makes a progress payment shall not be deemed to be an admission by the Town concerning the quantity, quality, or sufficiency of the Contractor's work. Progress payments shall not be deemed to be acceptance of the Work nor shall a progress payment release the Contractor from any of its responsibilities under the Contract Documents.

After determining the amount of a progress payment to be made to the Contractor, the Town shall withhold a percentage of the progress payment as retainage. The amount of retainage withheld from each progress payment shall be set depending upon the value of the Contract Work on the effective date of the Contract:

<table>
<thead>
<tr>
<th>Contract Amount</th>
<th>Retainage Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to $25,000.00</td>
<td>15%</td>
</tr>
<tr>
<td>$25,000.00 to $400,000.00</td>
<td>10%</td>
</tr>
<tr>
<td>Over $400,000.00</td>
<td>5%</td>
</tr>
</tbody>
</table>

Retainage shall be withheld and may be paid to:

1. ensure proper completion of the Work. The Town may use retained funds to pay replacement or substitute contractors to complete unfinished or defective work;

2. ensure timely completion of the Work. The Town may use retained funds to pay liquidated damages; and

3. provide an additional source of funds to pay claims for which the Town is entitled to indemnification from Contractor under the Contract Documents.

Retained funds shall be held by the Town in accounts that shall not bear interest. Retainage not otherwise withheld in accordance with the Contract Documents shall be returned to the Contractor as part of the final payment.

**ARTICLE 6.** The Town may withhold payment of some or all of any progress or final payment that would otherwise be due if the Town determines, in its discretion, that the Work has not been performed in accordance with the Contract Documents. The Town may use these funds to pay replacement or substitute contractors to complete unfinished or defective Work.
The Town may withhold payment of some or all of any progress or final payment that would otherwise be due if the Town determines, in its discretion, that it is necessary and proper to provide an additional source of funds to pay claims for which the Town is entitled to indemnification from Contractor under the Contract Documents. Amounts withheld under this section shall be in addition to any retainage.

**ARTICLE 7.** When the erosion control measures have been completed, the Contractor shall request that the Town perform a final inspection. The Town shall inspect the Work. If the Town determines that the Work has been completed in accordance with the Contract Documents and per TPDES General Construction Permit, it shall issue a written Notice of Acceptance of the Work. If the Town determines that the Work has not been completed in accordance with the Contract Documents or TPDES General Construction Permit, then it shall provide the Contractor with a verbal or written list of items to be completed before another final inspection shall be scheduled.

**ARTICLE 8.** When the Work is completed, the Contractor shall request that the Town perform a final inspection. The Town shall inspect the Work. If the Town determines that the Work has been completed in accordance with the Contract Documents, it shall issue a written notice of acceptance of the Work. If the Town determines that the Work has not been completed in accordance with the Contract Documents, then it shall provide the Contractor with a written list of items to be completed before another final inspection shall be scheduled.

It is specifically provided that Work shall be deemed accepted on the date specified in the Town’s written notice of acceptance of the Work. The Work shall not be deemed to be accepted based on “substantial completion” of the Work, use or occupancy of the Work, or for any reason other than the Town’s written Notice of Acceptance. Further, the issuance of a certificate of occupancy for all or any part of the Work shall not constitute a Notice of Acceptance for that Work.

In its discretion, the Town may issue a Notice of Acceptance covering only a portion of the Work. In this event, the notice shall state specifically what portion of the Work is accepted.

**ARTICLE 9.** After all Work required under the Contract Documents has been completed, inspected, and accepted, the Town shall calculate the final payment amount promptly after necessary measurements and computations are made. The final payment amount shall be calculated to:

1. include the estimate of the value of Work properly completed since the date of the most recent previous progress payment;

2. correct prior progress payments; and

3. include retainage or other amounts previously withheld that are to be returned to Contractor, if any.
Final payment to the Contractor shall not be due until the Contractor provides original full releases of liens, or other evidence satisfactory to the Town to show that all sums due for labor, services, and materials furnished for or used in connection with the Work have been paid or shall be paid with the final payment. To ensure this result, Contractor consents to the issuance of the final payment in the form of joint checks made payable to Contractor and others. The Town may, but is not obligated to, issue final payment using joint checks.

Final payment to the Contractor shall not be due until the Contractor has supplied to the Town copies of all documents that the Town determines are reasonably necessary to ensure both that the final payment amount is properly calculated and that the Town has satisfied its obligation to administer the Agreement in accordance with applicable law.

Subject to the requirements of the Contract Documents, the Town shall pay the Final Payment within thirty (30) calendar days after the date specified in the Notice of Acceptance. This provision shall apply only after all Work called for by the Contract Documents has been accepted.

ARTICLE 10. CONTRACTOR SHALL DEFEND, INDEMNIFY, AND HOLD HARMLESS THE TOWN, ITS TOWN COUNCIL, OFFICERS, EMPLOYEES, AND AGENTS FROM AND AGAINST ALL CITATIONS, CLAIMS, COSTS, DAMAGES, DEMANDS, EXPENSES, FINES, JUDGMENTS, LOSSES, PENALTIES, OR SUITS, WHICH IN ANY WAY ARISE OUT OF, RELATE TO, OR RESULT FROM THE PERFORMANCE OF THE WORK OR WHICH ARE CAUSED BY THE INTENTIONAL ACTS OR NEGLIGENT ACTS OR OMISSIONS OF CONTRACTOR, ITS SUBCONTRACTORS, ANY OFFICERS, AGENTS, OR EMPLOYEES OF EITHER CONTRACTOR OR ITS SUBCONTRACTORS, AND ANY OTHER THIRD PARTIES FOR WHOM OR WHICH CONTRACTOR IS LEGALLY RESPONSIBLE (THE "INDEMNIFIED ITEMS").

BY WAY OF EXAMPLE, THE INDEMNIFIED ITEMS MAY INCLUDE PERSONAL INJURY AND DEATH CLAIMS AND PROPERTY DAMAGE CLAIMS, INCLUDING THOSE FOR LOSS OF USE OF PROPERTY.

INDEMNIFIED ITEMS SHALL INCLUDE ATTORNEYS' FEES AND COSTS, COURT COSTS, AND SETTLEMENT COSTS. INDEMNIFIED ITEMS SHALL ALSO INCLUDE ANY EXPENSES, INCLUDING ATTORNEYS' FEES AND EXPENSES, INCURRED BY AN INDEMNIFIED INDIVIDUAL OR ENTITY IN ATTEMPTING TO ENFORCE THIS INDEMNITY.

In its sole discretion, the Town shall have the right to approve counsel to be retained by Contractor in fulfilling its obligation to defend and indemnify the Town. Contractor shall retain approved counsel for the Town within seven business days after receiving written notice from the Town that it is invoking its right to indemnification under this Agreement. If Contractor does not retain counsel for the Town within the required time, then the Town
shall have the right to retain counsel and the Contractor shall pay the attorneys' fees and expenses.

The Town retains the right to provide and pay for any or all costs of defending indemnified items, but it shall not be required to do so. To the extent that Town elects to provide and pay for any such costs, Contractor shall indemnify and reimburse Town for such costs.

ARTICLE 11. The Contractor understands and agrees that time is of the essence in performing and completing the Work. The Town and Contractor acknowledge that the actual damages the Town may sustain if the Contractor fails to complete the Work on time are uncertain and will be difficult to ascertain. The Contractor agrees that the sum of Five hundred and Zero/One Hundredths Dollars ($500.00) per day or portion of a day in Liquidated Damages will be deducted from the Contract price by the Town for each calendar day or portion thereof that the work is not substantially complete beyond the Substantially Complete Contract time, or within such extra time as may have been allowed by an extension approved by the Town. The Contractor also agrees that the sum of Five Hundred and Zero/One Hundredths Dollars ($500.00) per day or portion of a day in Liquidated Damages for each calendar day or portion thereof the work has not been finally completed by the Contractor beyond the Contract time for final completion, or within such extra time as may have been allowed by an extension approved by the Town. The Town and the Contractor agree that this amount is payable as reasonable and just compensation for failure to complete the Work on time. This amount is payable as liquidated damages and not as a penalty.

ARTICLE 12. For a two-year period after the date specified in a written notice of acceptance of Work and authorization to make final payment by the Flower Mound Town Council, Contractor shall provide and pay for all labor and materials that the Town determines are necessary to correct all defects in the Work arising because of defective materials or workmanship supplied or provided by Contractor or any subcontractor. This shall also include areas of vegetation that did meet TPDES General Construction Permit during final close out but have since become noncompliant.

Forty-five (45) to sixty (60) calendar days before the end of the two-year warranty period, the Town may make a warranty inspection of the Work. The Town shall notify the Contractor of the date and time of this inspection so that a Contractor representative may be present. After the warranty inspection, and before the end of the two-year warranty period, the Town shall mail to the Contractor a written notice that specifies the defects in the Work that are to be corrected.

The Contractor shall begin the remedial work within ten (10) calendar days after receiving the written notice from the Town. If the Contractor does not begin the remedial work timely or prosecute it diligently, then the Town may pay for necessary labor and materials to effect repairs and these expenses shall be paid by the Contractor, the maintenance bond surety, or both.
If the Town determines that a hazard exists because of defective materials and workmanship, then the Town may take steps to alleviate the hazard, including making repairs. These steps may be taken without prior notice either to the Contractor or its surety. Expenses incurred by the Town to alleviate the hazard shall be paid by the Contractor, the maintenance bond surety, or both.

Any Work performed by or for the Contractor to fulfill its warranty obligations shall be performed in accordance with the Contract Documents. By way of example only, this is to ensure that Work performed during the warranty period is performed with required insurance and the maintenance and payment bonds still in effect.

Work performed during the two-year warranty period shall itself be subject to a one-year warranty. This warranty shall be the same as described in this section.

The Town may make as many warranty inspections as it deems appropriate.

ARTICLE 13. The Contractor shall be responsible for ensuring that it and any subcontractors performing any portion of the Work required under the Contract Documents comply with all applicable federal, state, county, and municipal laws, regulations, and rules that relate in any way to the performance and completion of the Work. This provision applies whether or not a legal requirement is described or referred to in the Contract Documents.

Ancillary/Integral Professional Services: In selecting an architect, engineer, land surveyor, or other professional to provide professional services, if any, that are required by the Contract Documents, Contractor shall not do so on the basis of competitive bids but shall make such selection on the basis of demonstrated competence and qualifications to perform the services in the manner provided by Section 2254.004 of the Texas Government Code and shall so certify to the Town the Contractor's agreement to comply with this provision with Contractor's bid.

ARTICLE 14. The Contractor shall sign the Construction Agreement, and deliver signed performance, payment, and maintenance bonds and proper insurance policy endorsements (and/or other evidence of coverage) within fifteen (15) calendar days after the Town makes available to the Contractor copies of the Contract Documents for signature. Six copies of the Contract Documents shall be signed by an authorized representative of the Contractor and returned to the Town.

The Construction Agreement "effective date" shall be the date on which the Town Council acts to approve the award of the Contract for the Work to Contractor. It is expressly provided; however, that the Town Council delegates the authority to the Town Manager or his designee to rescind the Contract award to Contractor at any time before the Town delivers to the Contractor a copy of this Construction Agreement that bears the signature of the Mayor or Town Manager and Town Secretary or their authorized designees. The purpose of this provision is to ensure that:
1. the Contractor timely delivers to the Town all bonds and insurance documents; and

2. the Town retains the discretion not to proceed if the Town Manager or his designee determines that information indicates that the Contractor was not the lowest responsible bidder or that the Contractor cannot perform all of its obligations under the Contract Documents.

THE CONTRACTOR AGREES THAT IT SHALL HAVE NO CLAIM OR CAUSE OF ACTION OF ANY KIND AGAINST THE TOWN, INCLUDING A CLAIM FOR BREACH OF CONTRACT, NOR SHALL THE TOWN BE REQUIRED TO PERFORM UNDER THE CONTRACT DOCUMENTS, UNTIL THE DATE THE TOWN DELIVERS TO THE CONTRACTOR A COPY OF THE CONSTRUCTION AGREEMENT BEARING THE SIGNATURES JUST SPECIFIED.

Contractor stipulates that the Town is a political subdivision of the State of Texas, and, as such, may enjoy immunities from suit and liability under the Constitution and laws of the State of Texas. By entering into this Agreement, the Town does not waive any of its immunities from suit and/or liability, except as otherwise expressly and specifically provided herein or as specifically provided by law.

Payments under this Contract are due and payable in accordance with the provisions of Texas Government Code Section 2251.022. Interest on unpaid and overdue amounts shall accrue in accordance with Texas Government Code Section 2251.025. Attention is called to the Government Code, Chapter 2258, Prevailing Wage Rates. Contractor and any subcontractor shall pay not less than the prevailing rates of per diem wages in the locality at the time of construction to all laborers, workmen, and mechanics employed by them in the execution of this Agreement. The Town has determined the general prevailing rate of per diem wages in the locality in which the public work is to be constructed by using the prevailing wage rates as determined by the United States Department of Labor in accordance with the Davis-Bacon Act as applicable to this Project. Contractor or a subcontractor who violates this provision shall be liable for the penalty specified in Texas Government Code Section 2258.023, which as of the date of this Agreement is $60 for each worker employed for each calendar day or part of the day that the worker is paid less than the wage rates stipulated in the contract. Town reserves the right to receive and review payroll records, payment records, and earnings statements of employees of Contractor, and of Contractor’s Subcontractors, and of Sub-Subcontractors to verify payments made to same. However, no Claim for additional compensation shall be considered by Town because of payments of wage rates in excess of the applicable rate provided herein.

It is distinctly understood that by virtue of this Contract, no mechanic, contractor, materialman, artisan, laborer, or subcontractor, whether skilled or unskilled, shall ever in any manner have, claim, or acquire any lien upon the project of whatever nature or kind so erected or to be erected by virtue of this Contract, nor upon any of the land upon which
said improvements are so erected, built, or situated, such property being public property belonging to a political subdivision of the State of Texas.

The Contractor represents and warrants the following to the Town (in addition to the other representations and warranties contained in the Contract Documents), as an inducement to the Town to execute this Contract, which representations and warranties shall survive the execution and delivery of the Contract and the Final Completion of the Work:

1. that it is financially solvent, able to pay its debts as they mature, and possessed of sufficient working capital to complete the Work and perform its obligations under the Contract Documents;

2. that it is able to furnish the tools, materials, supplies, equipment and labor required to timely complete the Work and perform its obligations hereunder and has sufficient experience and competence to do so;

3. that it is authorized to do business in the State of Texas and properly licensed by all necessary governmental, public and quasi-public authorities having jurisdiction over it, the Work, or the site of the Project; and

4. that the execution of the Contract and its performance thereof are within its duly-authorized powers.

The Contract Documents shall be construed and interpreted by applying Texas law. Exclusive venue for any litigation concerning the Contract Documents shall be Denton County, Texas.

Although the Construction Agreement has been drafted by the Town, should any portion of the Construction Agreement be disputed, the Town and Contractor agree that it shall not be construed more favorably for either party.

The Contract Documents are binding upon the Town and Contractor and shall inure to their benefit as well as that of their respective successors and assigns.

If Town Council approval is not required for the Construction Agreement under applicable law, then the Construction Agreement "effective date" shall be the date on which the Mayor or Town Manager and Town Secretary or their designees have signed the Construction Agreement. If the Mayor or Town Manager and Town Secretary sign on different dates, then the later date shall be the effective date.

IN WITNESS WHEREOF, the Town and the Contractor, respectively, have caused this Agreement to be duly executed in the day and year first herein written in two copies, all of which to all intents and purposes shall be considered as the original.

This Agreement will be effective on the ____ day of __________, 20__.

DATE: March 2, 2020
FROM: Lexin Murphy, Director of Planning Services
ITEM: Consider a request for an exception (RF20-01050) to Section 98-1142, Fence Height and Visibility, of the Code of Ordinances, to build a residential fence in excess of the Town's maximum height standards. The property is located at 3212 Pecan Meadows Drive.

BACKGROUND INFORMATION: On December 16, 2019, the Town Council amended Section 98-1142 of the Town’s Code of Ordinances to create a process for a property owner to request an exception to the Town’s maximum fence height standard in situations where a new subdivision perimeter fence caused compatibility concerns with an existing residential fence due to topography and/or location.

The applicant is requesting an exception through this process to allow his fence to be eleven (11) feet tall in order to maintain a consistent height across his rear property line where it connects to an adjacent fence that was built in conjunction with the construction of the Bradford Park subdivision. The Bradford Park fence is only six (6) feet tall, but it is sitting on top of a five (5) foot retaining wall, which was necessary in this area due to the topography. As noted in the provided elevation (Attachment 1), the proposed fence would be black wrought iron and would be eighty (80) feet long. This would replace existing/overlapping black metal and barbed wire fences, as noted in Attachment 2. Because this exception does not involve a zoning, platting, or site plan request, it does not require a recommendation by the Planning and Zoning Commission.

The text in Section 98-1142 that addresses this issue, reads as follows:

Section 98-1142. Fence height and visibility.

(c) No fence or wall erected within a required side or rear yard shall exceed eight feet in height above the adjacent grade.

(f) Town Council may grant an exception for maximum fence height or fencing materials for individual lots in situations where a new subdivision perimeter fence caused compatibility concerns with an existing residential fence due to topography and/or location.
