The property is generally located East of High Rd and South of Sunnyview Lane and is locally known as 7300 Thomas Rd., Lot 11, of the Hickory Springs Subdivision.
 - A. There are special circumstances existing on the property on which the application is made related to size, shape, area, topography, surrounding conditions, and location that do not generally apply to other property in the same area and under the same zoning districts.
 - B. A variance is necessary to permit the applicant the same rights in the use of this property that are presently enjoyed under the ordinance by other properties in the vicinity and zone, but which rights are denied to the property on which the application is made.
 - C. The granting of the variance on the specific property will not adversely affect the land use pattern as outlined by the Land Use Plan and will not adversely affect any other feature of the Comprehensive master Plan of the Town of Flower Mound.
 - D. The variance, if granted, will be no material detriment to the public welfare of injury to the use, enjoyment, or value of property in the vicinity.
