- A. There are special circumstances existing on the property on which the application is made related to size, shape, area, topography, surrounding conditions, and location that do not generally apply to other property in the same area and the same zoning districts.**
- B. A variance is necessary to permit the applicant the same rights in the use of this property that are presently enjoyed under the ordinance by other properties in the vicinity and zone, but which rights are denied to the property on which the application is made.**
- C. The granting of the variance on the specific property will not adversely affect the land use pattern as outlined by the Land Use Plan and will not adversely affect any other feature of the Comprehensive master Plan of the Town of Flower Mound.**
