12. Charter Review Commission Final Report, including council direction on proposed Charter amendment recommendations.

Jody Smith, Chair, Charter Review Commission (CRC)

Ms. Smith gave a presentation identifying or noting:

- Meeting schedule of the CRC
- Public input
- Public outreach
- Council, public, and CRC initiated item recommendations
- Timing

Chair Smith responded to the following questions from Council:

- Processing Charter violations:
 - Does the proposed recommendation allow Council the ability to hire a third party
 - Is there a time frame between step 2 and 3 in which to have the public hearing
- Term limits and term lengths
 - Was the option of 2-2-2 discussed
 - For term limits was there a discussion on resetting the clock in the event someone runs for mayor
 - For the issue of term limits, was it denied more on the lines of structure and how that gets accomplished, or on principle of not wanting someone there for three years
- Single Member Districts
 - Was there discussion about having single member districts but having the entire Town vote (you would have to live in the district but everyone in the Town would vote for that person)

Mr. Meredith responded to questions from Council or offered comments as follows:

- Processing Charter violations:
 - For step 8 there would need to be a subsequent change in the Charter relative to qualifications
 - When you take into account the supermajority component, consideration should be made as to whether or not the accused member of Council should be eligible to vote
- Term lengths and limits
 - What happens to the existing members terms in the event a shift to three year terms gets passed
 - Clarification regarding if a member of Council forfeits his/her position should they run for mayor
- Renaming of PALS to the Park Board
 - Clarification regarding whether there needs to be language in the Charter referencing the Parks Board

Ms. Scott offered comments or responded to questions from Council as follows:

- Past voter history
- Additional comments presented by the CRC

Council discussion on the proposed Charter amendments were as follows:

- Processing Charter violations:
 - Believe it needs to be clearly defined and easy to execute
 - Some concerns that there needs to be another step between 2 & 3 because a single accusation puts the ball in motion for continuous public hearings on an ongoing basis
 - It was suggested that perhaps the step between 2 & 3 could be to bring forward the complaint in closed session initially, and then take it to a vote (by a supermajority) as to whether or not to have it come forward for a public hearing
 - It was suggested that there be a 2a option that would state at the next Council meeting there is an item placed on the future agenda for calling a public hearing to discuss the complaint, as it takes three members of Council to place something on the agenda. This step would allow a decision point before going all in and would avoid the scenario of filing a complaint every week and bogging down the agenda
- Petition for Recall (§6.02)
 - If the current threshold of 15% is attainable
 - Benchmark city comparisons
 - 30% of the highest number of votes in a trailing 3 years with a minimum of 500 (and the same threshold should apply to a referendum)
 - If a recall should be 50% + 1 of the number who voted
 - 50% + 1 of the total votes cast in the year the person was elected

Town Council offered direction on the proposed Charter amendment

Recommendations or new considerations as follows:

- Mayor Hayden suggested members of Council give some consideration to the recommendations and be prepared to offer those comments at the August 4th meeting
- There was Council consensus to bring forward all of the recommended items, with modifications to some and including the following items as presented by Council:
 - Repeal the language as it relates to filing with the county given it's already covered under state statute (§ 9.10)
 - Addressing Charter violations:
 - Communicate ideas to Mr. Meredith relative to input so he can have a head start for the next meeting
 - See discussion points (page 10 of 7/18/16 minutes)
 - For the Parks Board:
 - Future consideration whether or not to amend or repeal in its entirety given there is not a requirement to have this board referenced in the Charter (§ 8.04)
 - For term limits/lengths:
 - Three year term lengths with an election held every year (two seats are up every three years) and a transition plan that gets Council from where they are today to that point, and have an open discussion at the next meeting regarding term limits and if the Council should consider putting forward to the voters two three year terms or three/three year terms, including an effective start date
 - Interest in continuing the discussion on term limits in the event a member of Council changes position to Mayor
 - Petition for Recall (§ 6.02)
 - Review the percentages or numbers needed to initiate a recall and identify if they are attainable, and whether or not a change is needed (and would be for recall petition or referendum)

L. BOARDS/COMMISSIONS (Executive Conference Room)
