Councilmember Bryan Webb indicated the reason he had these items pulled is because combined the purchase price is over a million dollars, from the same vendor, and it meets the two comma rule.

Mayor Hayden opened items 9 and 10 at the same time.

Chief Greaser did not provide a presentation, however, was available for questions.

There was a discussion between Chief Greaser and members of Council about equipment and service levels.

and Chief Greaser or Ms. Wallace responded to questions from Council as follows:

- Where are the funds coming from to pay for this equipment
- How long do the vehicles last

Councilmember Bryan Webb moved to approve Items 9 & 10. Mayor Pro Tem McDaniel seconded the motion. Each item, as approved by consent, is restated above along with the approved recommendation, and if applicable, the Ordinance or Resolution caption for each, for the record.

Mayor Hayden opened items 12 and 13 at the same time.

12. Consider approval of a Professional Services Agreement with Halff Associates, Inc., in the amount of \$80,965.00, associated with the design of the Morriss/Gerault Improvements Phase II (FM 3040 to Garden Road) project; and authorization for the Mayor to execute same on behalf of the Town.

Mayor Hayden provided background information regarding past phasing of this project.

Staff Presentation

Ms. Wallace gave a presentation identifying or noting:

- Background information on past discussions and presentations
- Morriss capacity, paving panel and waterline replacement project (Phase 2, 3, and 4), and how the item on the agenda coincides with phase 2
- Morriss Phase II – CIP FY 17/18
- Morriss Phase III – CIP FY 18/19
- Morriss Phase IV – CIP FY 19/20
- Morriss Phase II – IV CIP/Funding Sources

and she, Ms. Bruce, or Brian Haynes, Vice President, Halff Associates, Inc., responded to questions from Council as follows:

- Do we have high traffic roads elsewhere in Town that are 11 feet wide
- Has the width of the lanes on Morriss always been 11 feet wide
- What is the age or other factors that warrant the need for panel replacements
- Were there any triggers that was a driver behind Morriss Road past improvements
- Clarification regarding the triggers for phasing now
- How SMARTGrowth is a factor
- When was the last time a traffic study was done on Morriss and what areas were included
- Is there a plan to do a traffic study now that area roads have improved since the last study was done during a time where there was heavy construction near 35E and may have impacted the numbers
- What is the deadline for the regional toll revenue funding
- Are there any other methods along Morriss Rd that could be explored besides adding lanes to increase service levels, such as what was done in 2009 with the addition of decel lanes, and particularly near the school

- Interest in knowing specific details as it relates to sections of Morriss Rd for areas that may be failing
- What happened to the design plans from 2009 and why can't the Town use those instead of starting from scratch again
- If approved, what would the next steps be after the design, including the project schedule
- When would the residents have an opportunity for input

Council Discussion

There was Council discussion as follows:

- Why the agenda items were moved from consent to regular
- How the panel replacement and water line have to be done, but the question is how the town moves forward on the capacity expansion
- 11 foot wide lanes on Morriss versus 12 foot lanes on other roads in town, and how 11 feet was completed for Morriss to control speed
- How in the past capacity expansion was done by improving intersections and not adding lanes
- How the fire department tries to avoid Morriss in non-emergency situations due to the road width and inability to accommodate the truck size
- Are there improvements to the light timing that can be done
- Safety concerns when it comes to adding additional lanes
- How the item on the agenda is for the purpose of letting the professionals do the design work that will get answers to the questions being asked, instead of doing creative engineering at the dais
- How when the design comes back from the professionals the concerns regarding pedestrian and road crossing safety will be addressed with things such as lines, markings, and other indicators
- How the focus this evening is getting the design so an informed decision could be made
- How the breakdown of work is clarified in the packet
- Interest in having council input prior to going out to bid to allow a discussion about the tangibles that impact people, and to make sure areas of concern or ideas are being addressed
- Interest in getting public input in the process

Councilmember Bryan Webb moved to approve a Professional Services Agreement with Half Associates, Inc., in the amount of \$80,965.00, associated with the design of the Morriss/Gerault Improvements Phase II (FM 3040 to Garden Road) project; and authorization for the Mayor to execute same on behalf of the Town. Councilmember Forest seconded.

17. Public Hearing to consider approval of an amendment to the Chapter 380 Agreement between the Town of Flower Mound and Haag Engineering Co.

Staff Presentation

Ms. Roy gave a presentation identifying or noting:

- Background information
- Haag engineering company and project details
- Haag amendment summary
- Haag Chapter 380 Agreement
- Cost benefit analysis

and she responded to questions from Council as follows:

- When are they hoping to be open for business

Mayor Hayden opened the Public Hearing at 8:22 p.m.

The following individuals either spoke in support or opposition, or had questions / comments related to the item: *Names listed below don't necessarily reflect the order in which each person spoke and all addresses are located in Flower Mound unless otherwise indicated.*

18. Consider approval of a resolution creating a committee to discuss status, next steps, community engagement, opportunities, and other items related to the Gibson-Grant Cabin, and appointing a Town Council Member to serve on the committee.

Staff Presentation

Ms. Wallace pointed out the committee is solely for information sharing purposes and indicated there is a need for an appointment of a member of Council to serve on the committee, and she responded to questions from Council as follows:

- What is the composition of the committee
- Is there a set term for the committee

Council Discussion

There was Council discussion as follows:

- How there is a need for better communication about what is going on at the cabin

Councilmember Jason Webb moved to approve a resolution creating a committee to discuss status, next steps, community engagement, opportunities, and other items related to the Gibson-Grant Cabin, and to appoint Don McDaniel as the Town Council Member to serve on the committee. Councilmember Bryan Webb seconded the motion.

19. Consider establishing rules for electioneering and sign regulations as it relates to elections.

Staff Presentation

Ms. Scott provided background information that led to having the topic come forward as an agenda item, and Mr. Meredith offered legal input on the topic of electioneering as well as sign placement.

Mr. Meredith, Ms. Scott, or Chief Kancel responded to questions from Council as follows:

- Clarification regarding the ability for council to establish designated areas for electioneering
- What is the impact on the parking situation at the police and courts building during voting periods
- What constitutes the presence of electioneering
- Could the 100' buffer be moved out to 150' or 200'
- Difference between loitering versus electioneering
- Current rules as it relates to timing and when signs can be placed on private property
- Which door is used to set the 100' buffer

Council Discussion

There was Council discussion as follows:

- Clarification regarding the purpose of the agenda item
- How there is not an issue with signs at the polling location; however, some of the concerns has to do with the location of electioneering in the parking lot
- Whether or not electioneering regulations would be applicable to all polling locations, or just the police and courts facility
- Interest in discussing the need for a third polling location
- Distaste for the gauntlet effect
- Concerns regarding restricting where people can talk, such as electioneering free zones
- How there is some benefit from citizens being able to easily approach a candidate
- What would the enforcement be if electioneering free zones were created
- How the goal is to restrict the more stationary items such as tents to the outer section of the parking lot, and to allow more foot traffic in the southern part of the parking lot (recognizing it's not a prohibition where you can't speak to someone outside the 100')
- Another part of the goal has to do with making room for people to park at the polls
- The possibility of putting information in the candidate packet about how to play nice
- Concerns that it's regressive to a certain degree because it hinders a new person on the scene that doesn't have a lot of face recognition in town, whereas an incumbent doesn't have the same challenge
- How the community has made comments about not going to vote because they don't want to go through the gauntlet, so why not push the line back and give space for people to park without being attacked
- How after the next May election there will only be two people running at a time
- Interest in making the demarcation permanent with a solid line so it's unquestionable where the boundary is
- How usually people running let the primaries get done before putting up signs around town
- How HOA's are more restrictive than the town when it comes to putting out signs

There was interest by a majority of Council to consider implementing some type of change with respect to electioneering at the polls, followed by a request for staff to bring the item forward for future discussion and include maps that outline both 150' and 200' out for all polling locations, as well as examples of what other cities have done in this area.

L. BOARDS/COMMISSIONS (Executive Conference Room)

Discuss and consider resignations, appointments, or evaluations for the following boards or commissions: Animal Services Board, Cultural Arts Commission, Environmental Conservation Commission, Parks Board, SMARTGrowth Commission, Tax Increment Reinvestment Zone Number One (TIRZ #1), and Transportation Commission.
