

Understanding and Responding to Dementia-Related Behavior

**Tuesday, July 17
7 p.m.**

Behavior is a powerful form of communication as language skills diminish for people with dementia. However, some behaviors can present real challenges for others to manage.

Join us to learn to how to decode behavioral messages, identify common behavioral triggers, and learn strategies to help intervene with some of the most common behavioral challenges of Alzheimer's disease. Presented by The Alzheimer's Association, Greater Dallas Chapter.
